GREAT FOR HAULING MEMORIES

Welcome to the Carlisle Fairgrounds and the Carlisle Truck Nationals! This event and weekend offers a truck extravaganza of events sure to please. You will find an abundance of entertainment, displays, and activities, as you explore what is one of the biggest and broadest truck events in the country. Be sure to read this event guide for details about giveaways, monster truck shows, bands, special displays, vehicle make-overs and more.

As is customary at the Truck Nationals, invitational displays offer a broad selection of fine trucks for your enjoyment. As the 10th anniversary of Jeep's Rubicon greets us, we welcome the PA Flat Fender Club and East Coast Willy's in Building Y. Be sure to make van plans this weekend with a visit to the Pavilion, as Vanarama fills the area with custom vans and Customvan.com customizes a van. Lastly, one of the biggest hits of the Truck Nationals is the Big Rig Show and Shine presented by Progressive Commercial Insurance where we host the American Truck Historical Society, Elizabeth Truck Center and some of the finest rigs seen anywhere.

Before you depart this weekend, be sure to sign up to win a two-year lease on a Ford F-150 Raptor! Just visit Guest Services to register. The winner will be announced on Sunday at the new Carlisle Sports and Outdoor Nationals event held here September 6-8.

We welcome your suggestions and comments regarding the Carlisle Truck Nationals and our other events so be sure to take our online event survey. Visit www.carlisleevents.com.

Thank you for being a part of the Carlisle Truck Nationals, and we hope you have a terrific time and join us again next year.

— Ed Scholly, Event Manager

Welcome to one of the largest all-truck events of the year. If you've got a passion for pickups, you've come to the right place. This has been a must-see event for truck lovers since 1991, and it just keeps getting better every year. From big rigs to mini trucks, there's a little bit of everything here.

There's just something about a truck that tends to stick with you. Maybe it's the utility they provide, but I've always thought there was something more to it.

Like a lot of Americans, I grew up around pickups. My dad always had one — for the majority of my childhood it was a blue '75 Chevy 1-ton. From as far back as I can remember, it was just part of the family.

As a kid, it was fun to be a part of whatever project was going on, and that almost always meant riding along in the old truck. Now that I have a home and a family of my own, I have an old truck, too, and while I appreciate how useful it is, the real reason I love it is because it reminds me of those times.

If you're onsite this weekend, you understand it. It seems like everyone had a connection to an old truck when they were younger, and I think that still drives the market today — along with the usefulness of being able to haul that new washer and dryer, refrigerator, Christmas tree or load of bark dust yourself.

Classic-truck prices have been soaring over the past few years, pushing past previous high-water marks for especially well-restored or original and well-documented rigs with good options. American Car Collector magazine reports on trucks that have sold at auction in every issue — it's a great way to track prices and help you know what your own rig is actually worth. Pick up a free copy at Guest Services, and see our special subscription offer in this guide.

LTAA STOCK JEEP TO SHOW JEEP

CUSTOM VAN

MODERN MUSCLE MOTORSPORTS DYNO

Giveaway: Ford Raptor Lease

Register at Guest Services for your chance to win a two-year lease on a 2013 Ford Raptor, courtesy of Ford. The winner will be announced Sunday, September 8 at our all-new Carlisle Sports & Outdoor Nationals. You do not need to be present to win.

The winner of the Raptor won't just be winning a truck, they'll be winning Ford's top performance truck on the market today. This SVT F-150 is a vehicle that any truck enthusiast will appreciate. It's capable of serious off-road action — go for a ride-along this weekend to see for yourself. The Raptor is also the type of truck that can be used as a daily driver. In addition, it's perfect for towing a boat, trailer, etc.

Van Conversion

Join us in the Pavilion for a weekend conversion as CustomVan.com turns a stock van into a themed palace on wheels.

LTAA's New Product Showcase

LTAA, or Light-Truck Accessory Alliance, is a council of the Specialty Equipment Market Association (SEMA). Member companies manufacture, distribute, sell and/or install accessories for light-duty pickup trucks, vans and SUVs, or provide services to the light-truck accessory industry. A full display of products from more than 35 LTAA member companies is on display on the Midway, and many of them will be available for purchase.

Stock Jeep to Show Jeep

The LTAA is not just here to talk the talk, they are going to walk the walk as they transform a stock Jeep into a show Jeep with the newest and latest products. Watch in Building T as they install the hottest parts and products on the market.

Off-Road Playground

Hosted by Rausch Creek Off-Road Park

Take your 4x4 for a drive on our onsite off-road course that offers banked turns, obstacles, climbs and the opportunity to get some mud on the tires. Just drive to the top of the hill and sign up with our friends from Rausch Creek, then enjoy the drive. A

show sticker (i.e. registered for vending or showfield), driver's license and proof of insurance are required.

Dyno Testing

Provided by Modern Muscle Motorsports

These modern automotive performance enthusiasts specialize in modifying and tuning today's high-performance, fuel-injected vehicles. Their mobile dyno provides torque and horsepower readings for your vehicle. See map in centerfold for location. Fee applies.

Installations

A&A Auto Stores on the Midway is offering onsite performance exhaust installations from the top manufacturers.

Radio-Controlled Stunt Shows

No matter how old you get, RC cars always make you feel like a kid. Check out the shows put on by Road and Rock RC. Afterwards, they'll let you take a turn at the controls.

Megasaurus Shows

With its ability to transform and breathe fire, this jaw-dropping monster of a machine will rip cars in half like a sheet of paper, set them on fire and chew them into little pieces. See schedule for show times.

Monster Truck Shows

The Stone Crusher and Hooked shows are sure to get your adrenaline pumping as they go airborne and crush cars. More about these trucks and their drivers on page 16. Best of all, you can *ride* in a monster truck! Look for the Virginia Giant ride truck behind the stage. Fee applies.

Special Displays

Building T Invitational Display • See pages 30-31.

Building Y Willys Display • We are pleased to welcome the East Coast Willys Association as the organizer of a display of pre-1970 Willys Jeeps. Following its service in World War II, the Willys four-wheel drive utility vehicles inspired many of the SUVs of today, including the "CJ" civilian Jeep.

Rubicon Display • As part of a new effort we call “Jeeps at Carlisle” and the recent release of the 10th Anniversary Jeep Rubicon, we are building a display of Rubicons from each year of production. Look for this display in the Jeeps at Carlisle area on the showfield.

Vanarama • Imaginative? Creative? Head Scratching? These words and more can be used to describe the special custom-van get-together this weekend. CustomVan.com is the proud sponsor of the van showfield classes and will be hosting a club gathering.

American Truck Historical Society • The not-for-profit society was formed to preserve the history of trucks, the trucking industry and its pioneers. We are pleased to welcome the Susquehanna Valley Chapter and their showcase of vehicles. See them near the Pavilion. More on page 32.

Elizabeth Truck Center • Elizabeth Truck Center and its sister company, Car Craft Truck Works, combined, simply known as ETC, continue to raise the bar and set new standards in the trucking industry. Everyone should be familiar with their Build-Off creation, “The Beast,” which they believe revolutionized the way the industry looks at custom trucks. Since then, ETC has gone on to further impress with a makeover of a classic 1980 A-Model Kenworth, aptly named “Bride of the Beast,” an over-the-top urban assault vehicle, G-UNIT, transformed from a showroom-new 2006 Peterbilt 379, the restoration and finely detailed rebuild of a vintage 1966 Peterbilt. “The Punisher” is one of the most incredible Kenworths on the road, and there’s an outrageous custom International ProStar, “Mayhem.” And let’s not forget “The Predator.” ETC showcases their builds at only a handful of shows each year, accompanied by their mobile chrome shop. Please stop by their display, as they enjoy meeting the people who keep the wheels turning.

Wheelie Simulator

Provided by *iWheelie.com*

Try your wheelie skills in a controlled, safe way on the wheelie simulator. It is a real motorcycle attached

to a platform, and if you need a little help, the crew from *iWheelie.com* will make you succeed. Fee applies. See map for location.

Showfield Big Rig Show and Shine

Presented by Progressive Commercial Insurance

Rigs, show trucks, tow trucks, haulers and more will be on display. Owners must register their rigs at the Auto Trader Pavilion after parking. Judging is optional and takes place Saturday 11 a.m. to 4 p.m. and is conducted by GS Car Shows.

Club Challenge & Coolest Hangout • Each year, clubs compete to see which has the most vehicles in attendance, and awards are presented to the top three. There is also an award presented to the club with the coolest hangout. See who won last year on page 34.

Jeeps at Carlisle • In 1941, the first Willys rolled off the assembly line, and since then, generations have enjoyed a very special lifestyle with an American-made machine known as the Jeep. The Jeep culture has evolved over time, just like the machine itself. One thing that remains true to form, however, is the passion and love of the machine by those within the Jeep crew. Look for the Jeeps at Carlisle area on the showfield.

Awards Presentation • See the winning vehicles from the judged showfield during the awards parade on Sunday at 1 p.m. in front of the Grandstand. The winners’ list will be posted at 9 a.m. Sunday in front of the Grandstand as well as on our website. Winners must check in at Guest Services to pick up their award and may choose to join the parade.

Kids’ Choice Awards

Kids can vote for their favorite truck in Building T. It’s their turn to have their say on which truck they think is the coolest. Ballots are available at Guest Services, Kids at Carlisle Activity Center (Building R) and Building T at the ballot box. The Kids’ Choice winner will be announced Sunday during the Awards Parade.

Face Painting • Kids at Carlisle welcomes Bruce's Face Painting — many designs in bright colors to choose from! Boys' and girls' designs include dragons, Batman, Spiderman, skulls, sharks, butterflies, unicorn, tigers, smiley face and more. Fun, excitement and laughter for the whole family, including those daring teens! Moms and dads can take photographs of their kids for memories to cherish for a lifetime!

Kids Competitions • Win prizes and have some fun! This year the Kids' Activity Center features a Lug Nut Challenge and a Dream Truck Poster competition. Kids can test their skills, design their dream truck and qualify for some great prizes such as radio-controlled trucks, gift cards and more! Stop by the Kids' Activity Center for more information.

Kids Bingo • Bring the kids to Building R Saturday at 6 p.m. to play Candy Bingo. No fee to participate and open to all young enthusiasts under the age of 12.

Women's Oasis

We have filled a huge tent with vendors and activities specifically for women to enjoy in the Women's Oasis. There are special giveaways as well. See page 12 for all the details.

Low Truck Limbo Contest

Trucks will take a pass under the bar, parade-style, and continue until a winner is crowned. This year's limbo contest will be in traditional limbo style. Instead of measuring from the driver door or roof, each competitor will attempt to drive their truck under the limbo bar without knocking it off and without smoking their tires. The last vehicle to make it under the bar without knocking it down wins. Pre-registration is required at Guest Services. A show sticker (i.e. registered for vending or showfield), driver's license and proof of insurance are required.

High Truck Contest

Participants compete to see who has the highest truck. Pre-registration is required at Guest Services. A show sticker (i.e. registered for vending or showfield), is required.

Beauty Pageant

Contestants for the new Carlisle Truck Nationals pageant compete for cash prizes on Saturday. The contest will include two rounds — country girl and swimwear at 3:30 p.m. and 6 p.m. Contestants must be 18 with valid ID and sign up at Guest Services by 3 p.m. on Saturday. Complete rules, contest format and registration forms are available at Guest Services.

Burnout Contest

No Carlisle event would be complete without the burnout contest. Pre-registration is required at Guest Services. A show sticker (i.e. registered for vending or showfield), driver's license and proof of insurance are required. Limited to 10 vehicles and three minutes per participant. Winner receives an award plaque, T-shirt and free showfield registration for next year!

Frame-Dragging

Saturday night the Mini Trucks take over by lighting up the Carlisle night skies with white sparks from their titanium blocks. If you like 'em low and laid out, this is the spot to be on for Saturday night frame dragging.

Big Rig Glow Show

Don't go home if you haven't seen what these rigs can do with lights and chrome. This is what the Carlisle staff sticks around for late on Saturday night. We will be picking the coolest lit-up rig on the grounds.

Midway, Vending Area & Swap Meet

Visit our partners on the Manufacturers Midway, find a vehicle in the Corral and shop the Swap Meet. You'll find new product manufacturers, accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Title transfer services are offered at the Notary Office in the Pavilion. Financial services are available through Orrstown Bank, inside of Building T.

Worship Service

A non-denominational worship service is held at 9 a.m. Sunday morning in the Grandstand. We invite you to join us for the service led by The Salvation Army, our partners in faith. Coffee and doughnuts available. Everyone is welcome and encouraged to attend!

Live Music

Chris Woodward • Appearing on the WGTY Stage is Chris Woodward, a Three Springs, PA, native (Huntingdon County). He is an energetic performer with songs that will have you singing along. Chris has played at places such as Hershey Park, the Bloomsburg Fair, the NASCAR Pocono 500 and many other fairs and events regionally. Most recently, Chris played the

Carlisle Ford Nationals' Downtown Parade and Street Party. He has opened for country artists such as Toby Keith, Montgomery Gentry, Jessica Andrews, Lonestar and many more.

The Holt Twins / Twin Sister • The Holt Twins Folk songs capture the true art of acoustic music, both contemporary and traditional, with entrancing vocals and instrumental harmonies, including six and 12-string guitars, flute, mandolin, violin, viola, string bass, fretless bass, keyboards, recorders, harmonica, banjo, mountain and hammered dulcimers and sax. Their professional career began at age 14, and they have been performing ever since at festivals, schools, clubs, campgrounds, and concerts across the country. This versatile duo does a complete turnaround when they play with their classic rock show band, Twin Sister. Twin Sister, formerly Image, a five-piece band, is not just another rock 'n' roll act, but a band who can play flawless originals and timeless classics from bands such as Heart, Pat Benatar, The Who, Jethro Tull, Led Zeppelin, etc. They are a polished, professional act with lots of showmanship.

Colt Wilbur Band • These young men are a talent and entertainment rarely seen. They have remained true to the roots of country music and genuinely enjoy performing together. Colt plays the guitar and sings, Jason plays drums, Joe plays guitar and Ryan plays bass. They have a very busy 2013 schedule, including opening for Shooter Jennings and David Allan Coe.

Participants registered to have their trucks judged must check in at Guest Services to receive their judging card. Trucks must have the judging card easily accessible and be parked in the correct location on Saturday 10 a.m. to 5 p.m. Ask any Carlisle staff person for assistance in locating your judged showfield class location.

About The Judges • Carlisle Events is pleased to welcome judging team GS Grifana Car Shows of Norfolk, VA. GS Grifana Car Shows will be judging both the Truck Nationals showfield and the Big Rig Show and Shine. Team leader Greg Grifana has a truck industry résumé from owner operator to fleet manager. His team judges car, truck and motorcycle events throughout the east coast. Judging headquarters will be located on the judged showfield.

MONSTER TRUCKS

Stone Crusher and Hooked

By Mike Garland

Monster Trucks have been coming to Carlisle for many years. This year, bring the family and enjoy the crushing excitement of Stone Crusher and driver Steve Sims. Stone Crusher and Sims got their respective starts after a 2005 business encounter with Dennis Anderson of Grave Digger fame. Since then, Sims and his truck have been a mainstay on the truck circuit, including success on the Monster Jam tour.

Since '05, Sims has become one of the elite drivers in the monster truck industry, competing regularly on the biggest stages in the sport. In 2010, he was invited for the third consecutive year to compete in the Monster Jam World Finals in Las Vegas, thrilling

fans with a fourth-place finish in freestyle. Strong performances like this brought Sims' team, Monster Trucks Unlimited, back-to-back Monster Jam Team of the Year awards in 2008 and 2009 at the Monster Jam awards banquet in Las Vegas, solidifying their status as one of the top teams in the sport.

Driven by Virginia native Steve Sims, Jr., Hooked makes it debut at our event. This truck and driver got together for the first time in May of 2012 and have been wreaking havoc on the circuit ever since. A member of the Monster Jam tour in 2013, Hooked and Sims Jr. have also taken part in the Young Guns Challenge as part of the Monster Jam World Finals in Las Vegas, plus Hooked is guaranteed to showcase big air and a wheelie or two. Visit these websites for more about these two monster trucks: StoneCrusherMonsterTruck.com and HookedMonsterTruck.com.

Showcasing Working Show Trucks

**LargeCarMag is a monthly
Online magazine and a quarterly
PRINT magazine as well.**

LargeCar Mag

www.largecarmag.com

Both are geared toward showcasing working show trucks. The ONLINE version offers:

- ◆ complete show coverage from all of the shows that we attend around the country.
- ◆ full length features on some of the largest rides we can get in front of our cameras.
- ◆ a reader ride section, for those that want to share their largecars with the world.
- ◆ a model of the month section and a diesel doodle section (*truck drawings composed from kids 16 and under*), both of which are submitted by our readers.

The PRINT mag offers some of the same great features and show coverage as the ONLINE, but you will see them in PRINT first. In each of the 4 issues of PRINT, we include 4 truck features, show coverage from 4 different shows located through the country, a retro rhetoric section which takes you back in time to the old school legends of the 80's, a model section & readers rides section - submitted by our readers, and several other articles and features that we know you truck lovers would find of interest. This magazine is NOT dated as a news magazine would be. It is full of cool truck pictures that you will love to look at and enjoy, time and time again. Back issues of the mags are available for purchase in our online store. You can also purchase the latest issues at one of many our many distributors locations. You can find this on our home page under LCM INFO then PRINT MAG INFO.

To those interested, we do offer competitive advertising and distribution. We have an online store with some pretty outstanding merchandise, including t-shirts, hoodies, mousepads, stainless steel license plate frames, hats and much more available for purchase. We also have a web board or message board forum that is FREE to anyone not just members of the site. We do require you to register though, but again, it is FREE. Here on this board, it's like a big huge family who bicker back and forth (as all families do), share their knowledge & opinions on trucks and topics of interest within the industry.

Old & New, Print & Online, LargeCarMag is your one stop for working LargeCars!

VENDOR PROFILE: RAUSCH CREEK

A Day on the Rocks with Rausch Creek Off Road Park

By Mike Garland

In 2003, country music artist Brad Paisley made popular a song called “Mud on the Tires.” While the terminology was around long before the song, Paisley helped make the phrase even more popular. In multiple videos made by enthusiasts on YouTube, there is one common theme: taking a truck or other off-road vehicle and getting it muddy, dirty and conquering challenging obstacles. It’s this lifestyle that was recently experienced by the Carlisle Events staff and can be experienced by you at Rausch Creek Off Road Park.

Located about 90 minutes north of Carlisle and two miles off exit 107 of I-81, Rausch Creek sits on 3,000 acres of rocks, trails, mud and fun. It does not matter if you are a beginner or experienced driver, the park has something for everyone. Our day was broken into two segments and easily encompassed six hours. Getting there was easy, and getting out and about was simple too. The place has a little history, at least according to Kyle Buchter.

“Rausch Creek has been around for 10 years, and it was created to provide a safe and legal place for people to go off-roading,” said Buchter. “The park is open to the public and guests can come along, join a guided ride or take a training class. Trails go from easy to extreme, and our staff is happy to answer any questions that someone may have,” he said. “I encourage everyone who has an interest in off-roading to contact us and we can all have a little fun.”

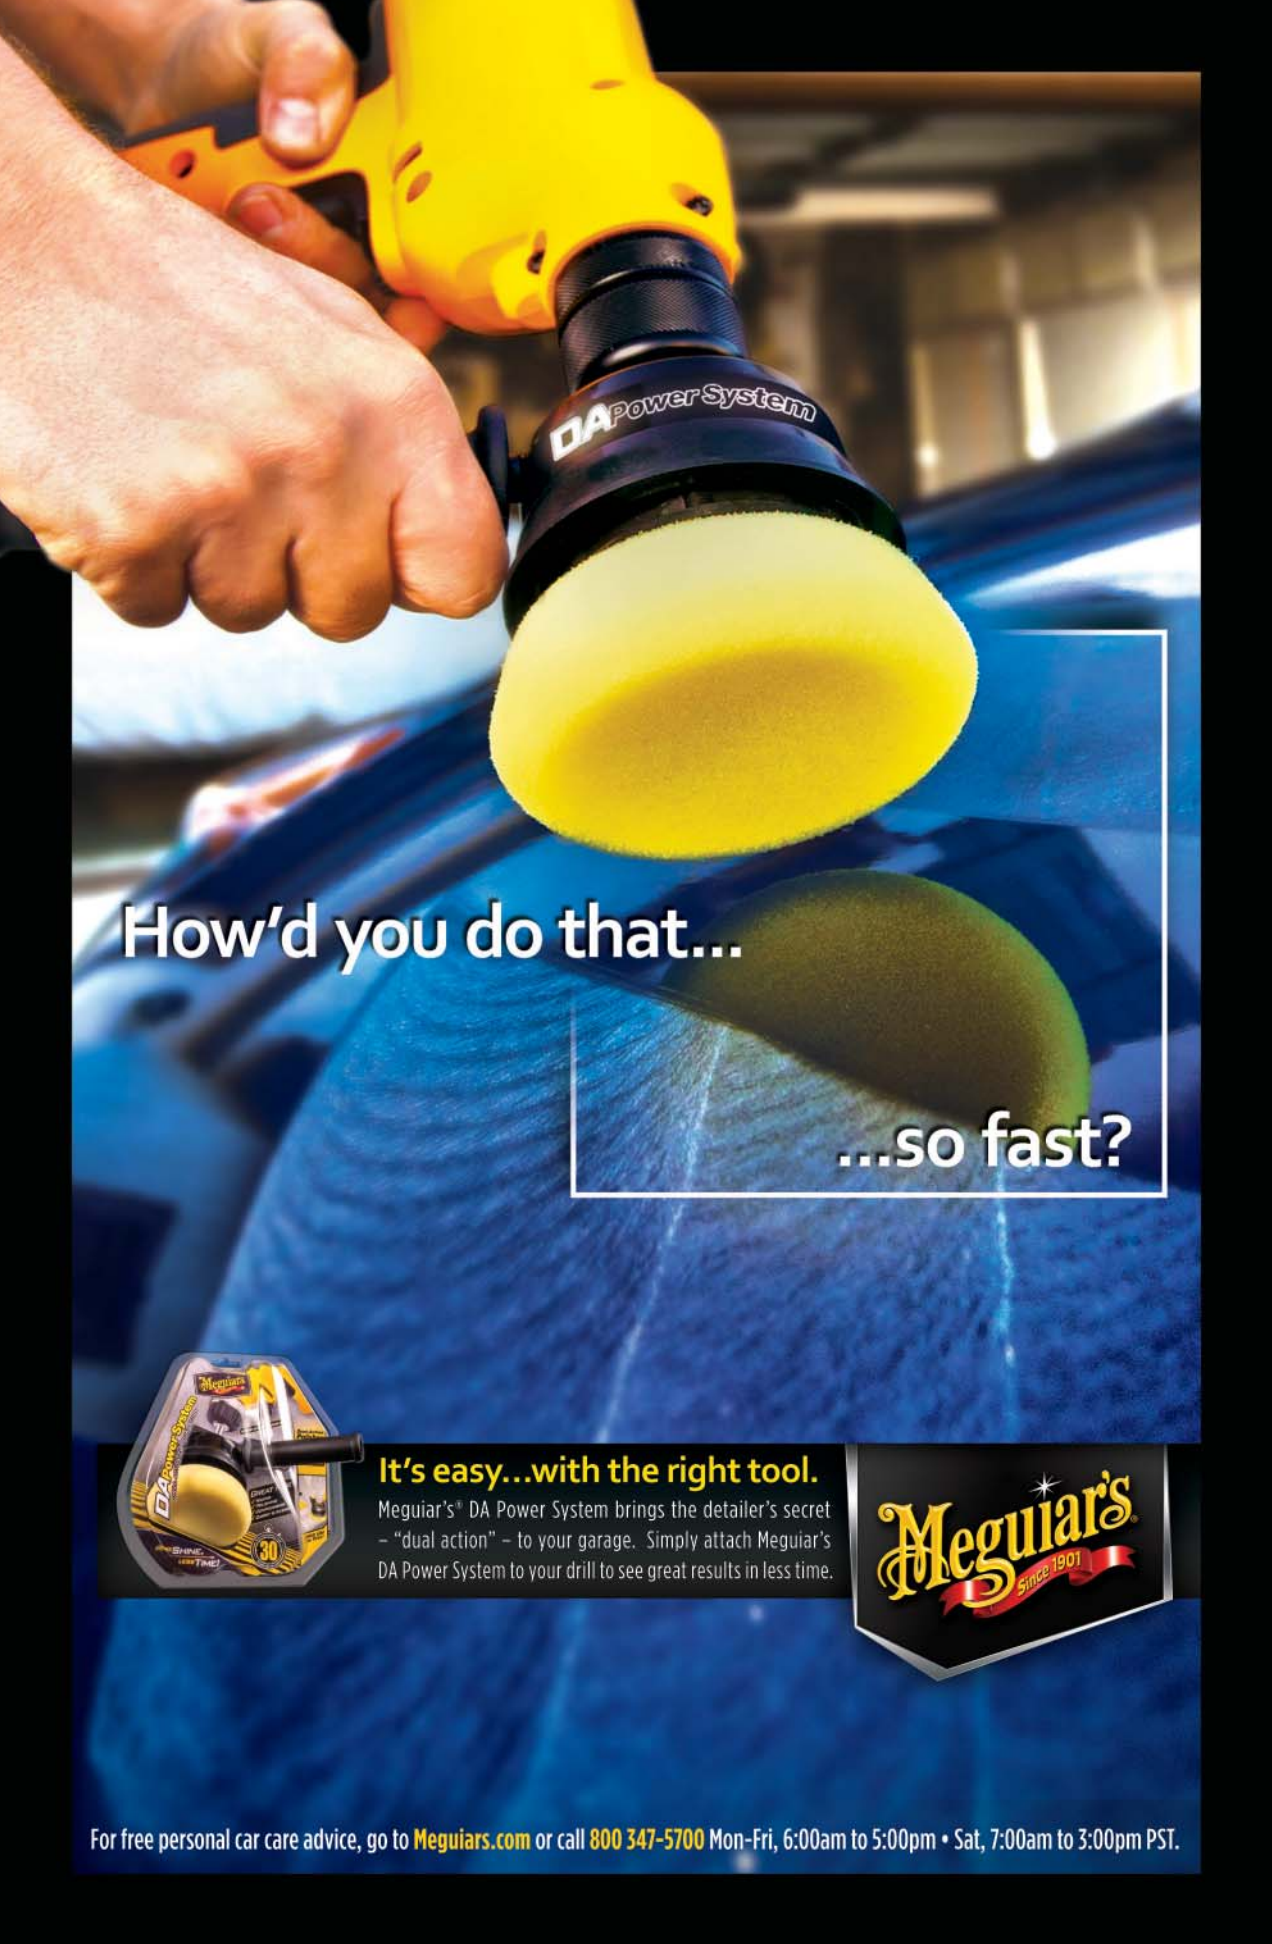

While you need your own ride, all you have to do is pop into their office, sign the waiver, pay a fee and you are off — that is if you are doing a course on your own. If you are using a guide like many of us did, you’ll have to wait until the group is situated. A very important factor to remember, however, is that if you aren’t with a guide, you need at least two trucks per group. This is one of those cases where the term “safety in numbers” applies.

Buchter was our guide, and he is a face that Carlisle staff and enthusiasts of Carlisle will recognize. He’s been onsite here for a few years as part of the Rausch Creek

course, and to have a familiar face guide us around was a bonus. Some of our group had been there before and took off to do their own thing. We’ve only seen pictures of their adventures, and needless to say, they got a little mud on the tires, windshield, their clothes, the seat ... they got muddy! Our ride was a little more subdued, at least on the front end. Led by Buchter and his modified Jeep, we listened via walkie-talkie as he took us through their RC 101 course. We drove over rocks, climbed hills, got stuck, got unstuck, drove through water and more. Basically, he took us through the course and allowed each driver to get a real feel for what their machine, in this case, a Jeep, could do.

After lunch at their great picnic pavilion, he proceeded to let the air out of the tires of each vehicle. This wasn’t done as a joke, though I couldn’t fully understand the rationale until we started driving again. For the next two-plus hours, we drove more back-country trails and he explained via the walkie-talkie about how he decreased tire pressure to about 15 psi and that in doing so, it would actually allow for better control when climbing or driving a course like this. It was amazing — you really could tell the difference. The coolest part about it all was that aside from a fix to one Jeep that involved a wrench and hammer, Buchter allowed us to go with the flow. If someone was stuck, he talked them through getting unstuck and was always successful.

The day ended with an on-your-own session, and while I did not stay for that, many from the group did. As someone who has not done such off-roading before, I was impressed with Buchter’s knowledge and the sheer size of the complex itself. What is even more exciting is that you can not only experience Rausch Creek at your leisure during the weekends (and weekdays by appointment), you can do so this weekend on the north hill. So as you walk the grounds or get the itch to do more with your truck or Jeep than just park it, visit Buchter and his team and get a little mud on your tires!

The not-for-profit American Truck Historical Society was formed in 1971 to preserve the history of trucks, the trucking industry, and its pioneers. The American Trucking Association officially recognizes the ATHS as the “duly authorized

organization founded to record and develop trucking industry historical data.” Today, the ATHS has more

than 21,000 members, with 110 of them being part of the Susquehanna Valley Chapter chartered in 1992. Members of the Susquehanna Valley Chapter agree on one thing — old trucks are fun! This chapter hosts a truck show at the Kenworth of Pennsylvania dealership in Carlisle every August and a Tri-State show in Winchester, VA, every September. They will be here this weekend showcasing some of their vehicles. We are pleased to welcome them to Carlisle and hope that you will take the time to visit their display, ask questions and learn more about the American Truck Historical Society. Look for their showcase around the Pavilion in the big rig area this weekend.

Coolest Club Hangout — Purple Helmet Surfers

18 Registrations

Coolest Club winners in 2009, the Purple Helmet Surfers were again crowned kings of cool in 2012. The club was born at the very first Carlisle Truck Nationals and has been running strong ever since. The truth behind the club is that members of a now-defunct club happened to park next to some socially outgoing folks, and the two groups formed the Purple Helmet Surfers. The group only meets at Carlisle and you can guarantee that copious amounts of fun will be had during the show. From pools to lifeguard chairs, guys in hula skirts and coconut bras to blender drinks, this group epitomizes the fun-loving nature of the Coolest Club award. Everyone involved has a great sense of humor, tons of patience and most importantly, tons of fun.

AutoTraderClassics.com

AutoTraderClassics.com is the best place to find and sell classic and performance cars without leaving your seat. On AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers, find a comprehensive inventory of both parts and accessories for maintenance, restoration and even custom builds of classic vehicles, and list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic-car photos and information about events across the country. That's AutoTraderClassics.com ... the Preferred Collector Car Marketplace of Carlisle Events.

Gumout Performance Chemicals

Gumout® Performance Chemicals deliver the technology to progress automotive performance, with products blended specifically to clean, protect and enhance critical parts of your car. Our products are designed with the expertise of an array of scientists, with years of experience in developing fuel and engine additives for today's drivers and specialized users.

Whatever the vehicle, whatever the concern, our comprehensive line of fuel additives offers targeted solutions to fulfill a vast range of needs. From advanced fuel additives to complete fuel system cleaners, Gumout® utilizes the latest technology to improve the lives of those who use them.

Since 1945, Gumout® has been the trusted automotive expert for some of America's finest retailers. Gumout® Fuel Additives, including our Fuel System Cleaners and Fuel Injector Cleaners, remove deposits resulting from low-quality gasoline, allowing a vehicle's critical parts to work more efficiently.

A number of our products can even prevent future deposit buildup, which helps restore the engine to peak condition and maintain its performance for years to come. With a comprehensive range of product formulations for just about any type of car, truck, diesel or flex-fuel vehicle, we're your one-stop vehicle maintenance supplier. Visit us at www.gumout.com.

Heacock Classic Insurance

Have you ever wondered what collector-car insurance is all about? It's simple: "passion." Heacock Classic Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance

from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5183 or online at www.HeacockClassic.com

American Car Collector

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancollector.com.

Meguiar's

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on facebook. or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

RockAuto.com

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!
